AN AUTO ACCIDENT

NEAR THE 102 RIVER BRIDGE EAST OF THE CITY.

MRS. R. LYLE INJURED

Other Occupants of Car Received Only Minor Bruises—Car Turned Over in Ditch.

An accident, which might have resulted a great deal worse than it did, occurred at 11:30 o'clock this morning near the 102 river bridge on the state road, when Bud Knox's automobile turned over in the ditch with five people in it. None of the occupants of the car were seriously or dangerously hurt except Mrs. Rankin Lyle of this city, who sustained two fractured ribs and painful bruises.

The occupants of the car were Mr. and Mrs. Rankin Lyle, John and Joe Allen, with Leo Knox as driver. They were on their way to Ravenwood, and after crossing the 102 river bridge, Mr. Knox drove the machine to the north side of the road, as there was a boy on horseback leading a cow and calf on the south side of the road. The horse became frightened at the machine and was attempting to back into the ditch on the south side of the road.

Knox slowed down his machine and pulled out a little further off the road; the right front wheel skidded and dropped into the ditch, drawing the back wheel with it. This caused the machine to turn over on its top in a ditch about ten feet deep.

Probably all that saved the occupants of the car from death was the fact that the top of the car was up. The slope of the road where the accident happened was toward the ditch. It was a narrow piece of road with ditches on both sides of the road. It is said that Mr. Knox was careful in driving the machine and that as he slowed up part of the dirt caved in, causing the wheels to drop into the ditch and turning the car over on its top. The accident occurred about forty feet from the east end of the river bridge. The car slid about thirty feet before it turned over.

None of the other occupants of the car were badly hurt. Several minor bruises were received and all the parties, except Mrs. Lyle, were able to be out this afternoon, though badly frightened at the narrow escape they had. Mrs. Lyle's condition is very good. She was attended by the Doctors Wallis.

The damages to the Knox car consisted of a demolished top, the upper part of the windshield broken, the fender slightly bent and a few scratches.

Home From Chicago.

Prof. T. H. Cook arrived home Tuesday with good news concerning his son, Dow Cook, who is in Mercy hospital at Chicago, under the care of Dr. Murphy. An X-ray picture taken of the affected thigh for which he was treated a year ago, revealed a splendid joint from the old treatment. The abscess for which he is being treated now is on the front of the thigh and was caused by a fall two months ago on the floor at the Cook home. The muscles were so badly strained that Dr. Murphy thinks that it is reason for the new trouble. Two operations for drawing off the foreign matter were performed after their arrival in Chicago a week ago, and will have to be done at regular intervals for some time. Dr. Murphy gives Professor Cook every assurance that his son will be able to come home in good health.

County Physician Leslie E. Dean and Dr. F. M. Ryan went to Parnell Monday to see Jonas Dill, an old man of that town, who has been in a crippled condition a long time from a diseased bone in one of his legs. The leg was operated upon some time ago, but the diseased condition grew worse and the leg was amputated by these physicians.

Mrs. Edward Otis went to Hopkins Monday for a few days' visit at the farm.

WILL MOVE THIS WEEK?

If the New Furniture Arrives, Then the Postoffice Will Go Into New Building.

The postoffice will move this week into the new building if the new furniture for that building arrives. A bill of lading was received Monday from the furniture house back East and the furniture is on the way here. The postoffice will not move until the furniture is here and installed, and it is thought that it will be here by Friday or Saturday.

There is some work to be done on the new building before it is completed. There is the front revolving door and also the screens for the windows to be put up, but this work will be done after the postoffice is located in the building, as the door and screens will not be here for a few weeks.

Josephus Clark will be the fireman-laborer for the new building, as he was the only one to take the civil service examination Saturday and as he passed the examination. His application and the recommendation that he be appointed was sent to the St. Louis office and announcement of his appointment will be made soon. The position pays \$660 a year.

FIRST M. E. TEAM WON.

Defeated the Buchanan Street Methodist Church Team at Normal Park on Monday.

The First M. E. Church Sunday school team defeated the Buchanan Street Sunday school team at the Normal park on Monday afternoon, the score being 6 to 1. It was a very close game up to the fifth inning, when four scores were made by the First M. E. team. However, the game was a good one and a good article of ball was put up. A fair sized crowd was in attendance.

The players for the two churches were as follows: First Methodists—Clark, Wray, L. Wilson, P. Wilson, Strader, Bennett, Carpenter, C. Moore and Scott; Buchanan Street Methodists—J. Taylor, Campbell, Goff, Prof. V. I. Moore, M. Seelman, Schaub, Woodworth, Awalt and Mathis.

The game was umpired by H. R. Hancock and Prof. E. L. Harrington.

The next game of the Sunday school baseball league will be played Saturday, when the Harmony church team will play the Christian Church Sunday school team and the Buchanan Street team will play the Baptist team.

WRAY TO GO OUT OF BANK.

Has Purchased Hardware Store in Pickering—Will Probably Be Succeeded by Roy Wolfers.

A business change was made in Pickering Monday when Howard Wray, cashier of the Bank of Pickering, bought the interests of his cousins, Roland Wray and Ernest Wray, and Dr. Ed Miller of Hopkins in the hardware and implement store of that place, which has been under the management of Roland Wray.

Mr. Wray will not take possession of the store until some time in June, when he will sever his connection with the bank. Roland Wray has not determined what he will do in the future, but is thinking strongly of engaging in farming.

Howard Wray has been cashier of the bank at Pickering since it was established by Mr. C. A. Wolfers, and it has proved a good business institution. He will probably be succeeded as cashier by Roy Wolfers.

MET WITH THE BOARD

Civic Committee of Federation of Women's Clubs to Work for Betterment of City.

The civic committee of the City Federation of Women's clubs of this city went before the board of directors of the Commercial club Monday afternoon and asked the co-operation of the club in civic work for the betterment of our city along all lines effecting the cleanliness and good health of its citizens.

The women were very cordially received by the board, who agreed to assist them in every way they could. Mrs. Baxter is at the head of the city improvement league at Kirksville and in the last two years the Commercial club of that place, which work shoulder to shoulder with the women's clubs of the city in all manner of civic improvements, has made Kirksville one of the cleanest towns in the state.

AUTO KILLED A STEER.

The Linebaugh National Car Met With Accident South of Pickering Today on Way to the City.

Will Linebaugh, in his new National automobile and accompanied by Fred Newlon, W. G. Carpenter and Guy Clary of Clearmont, had somewhat of a narrow escape Tuesday morning south of Pickering while on their way to Maryville. It was necessary either for the car to go off the bridge or to kill a steer. The steer was so badly injured that it was killed. It belonged to George Hackett and the party paid Mr. Hackett for his loss. It was necessary for the Linebaugh car to be brought to town. The damage to the car, however, was slight. The radiator was bent somewhat, the lights were scratched and a bolt or two broken. The Clearmont party left in the car this afternoon after it was repaired.

Miss Lenore Schumacher won the prize, an embroidered handkerchief. The hostess presented Mrs. Smith a pretty remembrance book, each of the guests contributing a sentiment. This is one of several affairs that have been given for Mrs. Smith, attended by the guests at Monday's luncheon. There is a strong suspicion that they comprise the members of the Black Cat club that have been holding night revels for some time, but this is the first time they have been bold enough to indulge in a daytime frolic. It is thought that the going of Mrs. Smith will about break up the meetings of the club, as she was the originator of it and the principal element that kept up the interest and planned the unique good times they have had together. Mrs. Collins' guests Monday were Mrs. Smith, Miss Lenore Schumacher, Miss Rose Schumacher, Mrs. Conrad Yehle, Misses Della and Kattie Grens, Mrs. George Richard Eaton and Mrs. Collins' mother, Mrs. A. T. Clark.

How Any Woman Can Cure Indigestion.

Most stomach remedies are make-shifts—they give relief but afterward the stomach is just as weak, just as unable to digest the food as it was before.

Women especially should not depend on relievers only. MI-O-NA Stomach Tablets not only give prompt relief but they put strength and elasticity into the stomach walls and cause the digestive juices to act naturally.

They do more; they force the digestive organs to supply the blood with pure nourishment which is carried to the muscles, nerves, brain and skin. Result: healthy muscles, strong nerves, clear head, and clean skin. Orear-Henry Drug Co. guarantees MI-O-NA Stomach Tablet—50 cents.—Advertisement.

JURY PICKED TO TRY LIBEL CASE

Trial of Rosevelt's Suit Against Editor Begins.

TWELVE ORDERED LOCKED UP.

Crank at Minneapolis Sends Telegram Asking Judge to Halt Proceedings Until He Can Be Present—Is Placed Under Arrest.

Marquette, Mich., May 27.—A suit involving allegations of drunkenness on the part of a former president of the United States will be heard here, beginning today, by a jury composed of four miners, three teamsters, two farmers, one blacksmith, one locomotive fireman and one woodsman. The plaintiff, Colonel Theodore Roosevelt, who is suing George A. Newett, an Ishpeming newspaper publisher, for \$10,000 damages because of an editorial charging him with drunkenness, will probably be the first witness.

The jury is composed of Joseph Roobar, teamster, aged twenty-five; Thomas Pryor, locomotive fireman, aged twenty-seven; Thomas Howard, farmer, aged forty-nine; Robert Bruce, lumberman, aged fifty-six; William H. Matthews, miner; William Fassbinder, teamster, aged twenty-eight; John Frederickson, miner, aged thirty-one; William Garrow, miner, aged twenty-six; Andrew P. Johnson, farmer, aged thirty-six, married; William Sharp, teamster, aged thirty-three; Gus Polcen, blacksmith, aged forty, married.

As soon as the jury had been sworn Judge Richard Flannigan ordered the jurors locked up and kept in confinement until a verdict is rendered. Two bailiffs were then sworn by the clerk to keep careful watch and ward over the jurors and not to allow them to communicate with anyone, including the bailiffs, except by permission of the court.

T. R. Causes No Demonstration. The arrival of Colonel Roosevelt for the afternoon session caused scarcely a ripple on the placid surface of this little city. The distinguished plaintiff entered the court room swiftly and there was a craning of necks for a moment to see him, but there was no demonstration.

The former president was one of a number occupying seats within the railing and by his side during most of the afternoon sat James R. Garfield. The spectators only comfortably filled the room as entrance was barred after all seats had been taken.

Judge Richard C. Flannigan, who presided, received a telegram from Minneapolis, as follows: "Don't let this sensational trial continue until I have arrived." It was signed "Jacob Miles."

Judge Flannigan turned the message over to Frank Tree, who was one of Colonel Roosevelt's guards while president and who is here as a witness. Tree notified the chief of police of Minneapolis, who wired back that Miles was insane and had been arrested.

James H. Pound of Detroit questioned the veniremen for the plaintiff. His associates are William H. Van Benschoten of New York and W. S. Hill of Marquette.

NEW POINT IN LIBEL CASE

District Court Objects to Reduction of Gompers' Sentence.

Washington, May 27.—The District supreme court here, which originally sentenced Samuel Gompers, John Mitchell and Frank Morrison, the labor leaders, to jail for contempt of court, filed a petition with the supreme court of the United States, asking the highest tribunal to review the decision of the District court of appeals, which affirmed the conviction of the three men, but reduced their sentences, on the ground that the court of appeals had no authority to reduce the sentences after affirming the convictions. At the same time the high court has under consideration a writ of error presented by attorneys for the convicted men.

TEN KILLED BY TRAIN

Laborers Running From Blast Run Down by Passenger.

Martinsburg, W. Va., May 27.—Laborers employed by contractors on the Magnolia improvement work of the Baltimore and Ohio railroad were struck by an eastbound passenger train at Doe Gully, W. Va. Ten of the workmen were killed and four others badly injured.

The laborers, all said to be Italians, were running from a blast and at the same time dodging a westbound freight when the passenger train dashed around a curve upon them.

Porter Charlton Case Goes Over.

Washington, May 27.—Though fifty cases were disposed of by the supreme court, there remain some 115 more. Among these are the state rate, the "turpentine trust," the Nashville grain, the newspaper publicity law and the Porter Charlton cases. The court will hold its next session June 9.

Giri Killed by Brother.

Sturgis, S. D., May 27.—Lucy, the nine-year-old daughter of Mrs. D. C. Comstock, was accidentally shot with a rifle and killed by her five-year-old brother.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Cornin writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

CHICAGO PACKERS PUT ON THE GRILL

Quizzed About Wages They Pay to Women Employees.

Chicago, May 27.—Moral conditions in the stock yards quarter of Chicago were considered at a session of the vice commission here. Louis L. Swift, president of Swift & Co., and representatives of Armour & Co. and Morris & Co. testified concerning the wages and surroundings of the thousands of girls and women in the district "back of the yards," said to be the largest foreign settlement on the continent.

Mr. Swift testified that the wages paid the women employees of the packing houses were fair, only fourteen receiving the minimum of \$6. Other witnesses said that the foreign women in the "yards" were temperamentally different from American girls and that the question of morality or immorality was a thing they settled for themselves, regardless of the welfare work of the employees.

The average wage of the 700 women employees of the Swift company is \$10.05 a week, according to Mr. Swift. The 399 girls in the packing plant averaged \$7.59.

M. D. Harding, superintendent of the Chicago plant of Armour & Co., said that the foreign girls preferred factory work to domestic service because of the greater independence.

C. L. Charles, assistant superintendent for Morris & Co., said that girls' wages in the yards were low because the girls were unskilled foreigners. All the big companies spent much money on welfare work, he said, but it was hard to reach the foreign girls.

Woman Kills Man and Self.

Sioux Falls, S. D., May 27.—Dr. E. L. Moore, aged thirty-five, state veterinarian and instructor in the veterinary department of the state agricultural college at Brookings, was shot and instantly killed by Mrs. Mae Allen, aged twenty-two, of Aberdeen, in a boarding house here. The woman then fired two shots into her own body and lies dying in a hospital. A quarrel between the two, which had been overheard by a number of people on the streets a half hour before the tragedy, led up to the shooting.

A Motorcycle Accident.

While trying out his new motorcycle, which he purchased a few days ago, Henry Upschulte narrowly escaped injury when he turned a corner of the street near the Wabash depot this morning about 9 o'clock. In trying to turn the corner, he did not turn short enough and crashed into the buggy of Don Davis who was just starting out on his mail route. The motorcycle tore all the spokes loose on the rear wheel of the buggy and during the mix-up, Mr. Upschulte received a gash above the eye as well as a few bruises. Mr. Davis was not injured.

AN AUTO ACCIDENT

NEAR THE 102 RIVER BRIDGE EAST OF THE CITY.

MRS. R. LYLE INJURED

Other Occupants of Car Received Only Minor Bruises—Car Turned Over in Ditch.

An accident, which might have resulted a great deal worse than it did, occurred at 11:30 o'clock this morning near the 102 river bridge on the state road, when Bud Knox's automobile turned over in the ditch with five people in it. None of the occupants of the car were seriously or dangerously hurt except Mrs. Rankin Lyle of this city, who sustained two fractured ribs and painful bruises.

The occupants of the car were Mr. and Mrs. Rankin Lyle, John and Joe Allen, with Leo Knox as driver. They were on their way to Ravenwood, and after crossing the 102 river bridge, Mr. Knox drove the machine to the north side of the road, as there was a boy on horseback leading a cow and calf on the south side of the road. The horse became frightened at the machine and was attempting to back into the ditch on the south side of the road. Knox slowed down his machine and pulled out a little further off the road; the right front wheel skidded and dropped into the ditch, drawing the back wheel with it. This caused the machine to turn over on its top in a ditch about ten feet deep.

Probably all that saved the occupants of the car from death was the fact that the top of the car was up. The slope of the road where the accident happened was toward the ditch. It was a narrow piece of road with ditches on both sides of the road. It is said that Mr. Knox was careful in driving the machine and that as he slowed up part of the dirt caved in, causing the wheels to drop into the ditch and turning the car over on its top. The accident occurred about forty feet from the east end of the river bridge. The car slid about thirty feet before it turned over.

None of the other occupants of the car were badly hurt. Several minor bruises were received, and all the parties, except Mrs. Lyle, were able to be out this afternoon, though badly frightened at the narrow escape they had. Mrs. Lyle's condition is very good. She was attended by the Doctors Wallis.

The damages to the Knox car consisted of a demolished top, the upper part of the windshield broken, the fender slightly bent and a few scratches.

Home From Chicago.

Prof. T. H. Cook arrived home Tuesday with good news concerning his son, Dow Cook, who is in Mercy hospital at Chicago, under the care of Dr. Murphy. An X-ray picture taken of the affected thigh for which he was treated a year ago, revealed a splendid joint from the old treatment. The abscess for which he is being treated now is on the front of the thigh and was caused by a fall two months ago on the floor at the Cook home. The muscles were so badly strained that Dr. Murphy thinks that is the reason for the new trouble. Two operations for drawing off the foreign matter were performed after their arrival in Chicago a week ago, and will have to be done at regular intervals for some time. Dr. Murphy gives Professor Cook every assurance that his son will be able to come home in good health.

Amputated His Leg.

County Physician Leslie E. Dean and Dr. F. M. Ryan went to Parnell Monday to see Jonas Dill, an old man of that town, who has been in a crippled condition a long time from a diseased bone in one of his legs. The leg was operated upon some time ago, but the diseased condition grew worse and the leg was amputated by these physicians.

Mrs. Edward Otis went to Hopkins Monday for a few days' visit at the farm.

WILL MOVE THIS WEEK?

If the New Furniture Arrives, Then the Postoffice Will Go Into New Building.

The postoffice will move this week into the new building if the new furniture for that building arrives. A bill of lading was received Monday from the furniture house back East and the furniture is on the way here. The postoffice will not move until the furniture is here and installed, and it is thought that it will be here by Friday or Saturday.

There is some work to be done on the new building before it is completed. There is the front revolving door and also the screens for the windows to be put up, but this work will be done after the postoffice is located in the building, as the door and screens will not be here for a few weeks.

Josephus Clark will be the fireman-laborer for the new building, as he was the only one to take the civil service examination Saturday and as he passed the examination. His application and the recommendation that he be appointed was sent to the St. Louis office and announcement of his appointment will be made soon. The position pays \$660 a year.

FIRST M. E. TEAM WON.

Defeated the Buchanan Street Methodist Church Team at Normal Park on Monday.

The First M. E. Church Sunday school team defeated the Buchanan Street Sunday school team at the Normal park on Monday afternoon, the score being 6 to 1. It was a very close game up to the fifth inning, when four scores were made by the First M. E. team. However, the game was a good one and a good article of ball was put up. A fair sized crowd was in attendance.

The players for the two churches were as follows: First Methodists—Clark, Wray, L. Wilson, P. Wilson, Strader, Bennett, Carpenter, C. Moore and Scott; Buchanan Street Methodists—J. Taylor, Campbell, Goff, Prof. V. I. Moore, M. Seelman, Schaub, Woodworth, Awalt and Mathis.

The game was umpired by H. R. Hancock and Prof. E. L. Harrington. The next game of the Sunday school baseball league will be played Saturday, when the Harmony church team will play the Christian Church Sunday school team and the Buchanan Street team will play the Baptist team.

WRAY TO GO OUT OF BANK.

Has Purchased Hardware Store in Pickering—Will Probably Be Succeeded by Roy Wolfers.

A business change was made in Pickering Monday when Howard Wray, cashier of the Bank of Pickering, bought the interests of his cousins, Roland Wray and Ernest Wray, and Dr. Ed Miller of Hopkins in the hardware and implement store of that place, which has been under the management of Roland Wray.

Mr. Wray will not take possession of the store until some time in June, when he will sever his connection with the bank. Roland Wray has not determined what he will do in the future, but is thinking strongly of engaging in farming.

Howard Wray has been cashier of the bank at Pickering since it was established by Mr. C. A. Wolfers, and it has proved a good business institution. He will probably be succeeded as cashier by Roy Wolfers.

CIVIC WORK HERE

THE CO-OPERATION OF COMMERCIAL CLUB IS WANTED.

MET WITH THE BOARD

Civic Committee of Federation of Women's Clubs to Work for Betterment of City.

The civic committee of the City Federation of Women's clubs of this city went before the board of directors of the Commercial club Monday afternoon and asked the co-operation of the club in civic work for the betterment of our city along all lines effecting the cleanliness and good health of its citizens.

The committee asked the club to share in its effort to secure Mrs. Clarence Baxter of Kirksville to come to Maryville to address a mass meeting on civic improvement. The women were very cordially received by the board, who agreed to assist them in every way they could. The committee asks that Mrs. Baxter be secured in time to give instruction in the matter of cleaning up our city in time for that work to be accomplished in Maryville before the opening of the white way.

Mrs. Baxter is at the head of the city improvement league at Kirksville and in the last two years the Commercial club of that place, which work shoulder to shoulder with the women's clubs of the city in all manner of civic improvements, has made Kirksville one of the cleanest towns in the state.

AUTO KILLED A STEER.

The Linebaugh National Car Met With Accident South of Pickering Today on Way to the City.

Will Linebaugh, in his new National automobile and accompanied by Fred Newlon, W. G. Carpenter and Guy Clary of Clearmont, had somewhat of a narrow escape Tuesday morning south of Pickering while on their way to Maryville. It was necessary either for the car to go off the bridge or to kill a steer. The steer was so badly injured that it was killed. It belonged to George Hackett and the party paid Mr. Hackett for his loss. It was necessary for the Linebaugh car to be brought to town. The damage to the car, however, was slight. The radiator was bent somewhat, the lights were scratched and a bolt or two broken. The Clearmont party left in the car this afternoon after it was repaired.

May Lose Eyesight.

Theodore Hawkins, about 40 years old and married, an employee of the city street department, suffered a serious injury Tuesday morning at the Wm. Armstrong foundry. Mr. Hawkins was holding a shovel that was being chiseled off when a particle of steel struck his eye and buried itself in the liquid part of the eye. He was taken to Dr. Charles T. Bell's office, who was assisted in removing the piece of steel by Dr. J. H. Todd. It is not possible to tell at this time what the result will be, as all depends on the physical condition of the patient. Should an abscess form, the entire eye will be lost.

Will Be at Pickens Home.

Prof. and Mrs. Victor I. Moore and children will occupy rooms with Mr. and Mrs. G. A. Pickens of West Terrace place this summer, while Professor Moore finishes his work with the Northwest State Normal. They will leave the last of August for Arlington, Texas, where Professor Moore will join his father-in-law, ex-President H. K. Taylor of the State Normal, in the conduct of Carlyle Military Academy.

Mrs. Mulholland Injured.

Mrs. Cynthia Mulholland fell at noon Tuesday at her home on East Fourth street and broke one of her hips. Dr. G. A. Nash was called and attended to her injury, which is very serious for one of her years.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. The entertainment will consist of dialogues, songs, recitations, piano solos, music by the Royal Neighbors' band, a sunbonnet drill and tableaux. For Hattie Mae Taylor.

Mrs. N. F. Humber entertained the members of her Sunday school class of the Buchanan Street Methodist church Monday evening at her home, 206 South Main street, to honor Miss Hattie Mae Taylor, who will leave Wednesday for her home in Arlington, Texas. Assisting Mrs. Humber in entertaining were her sister, Mrs. Fred J. Yeomans, and Mrs. Raymond Barry. The members of the class are Misses Hattie Mae Taylor, Mabel Cook, Elizabeth Leet, Lillian and Mary Carpenter, Alice Peery, Alberta and Gladys Hahn, Frances and Mary Andrews and Ethel Ray. Miss Beulah Bagby was the guest of the class Monday evening.

Surprised Little Friend.

Louise McCarty, eldest daughter of Mr. and Mrs. E. M. McCarty of Parnell, was twelve years old Monday, which made good reason for a surprise party for her that was given by her playmates. They gathered at her home from 2 to 6 o'clock and spent a delightful afternoon playing games, and at 5 o'clock spread the lunch they brought with them and enjoyed it thoroughly. The honor guest was the recipient of several presents. The guests were Louise and Marguerite McCarty, Fannie and Ruby Logan, Vivian Stingley, Mildred LaFavor, Crystal Waske, Quete Morgan, Anna and Marie O'Day, Georgia Gaynor, Mildred Hall and Leona Mayfield.

Her Fourth Annual Picnic.

Miss Marie Shipp gave her annual picnic Saturday afternoon to a company of her friends, large and small, who have been her guests at a picnic during the month of May at the tunnel at Atherton's lake and park for the past three years. The picnickers were

taken to the picnic grounds by Dr. Jesse Miller in his car and Homer Shipp conveyed them home with his car. The party had a gay time toasting marshmallows and weenies. Miss Shipp's guests were Mary Margaret Richey, Mabel Cook, Alice Peery, Roberta Cook, Ruth Miller, Paul Miller, Harold Miller, Mildred Shinabargar, Hazel Vandersloot, Mary Condon, Ora May Condon and the chaperons, Mrs. Harry Shipp, Mrs. J. S. Shinabargar and Mrs. B. E. Condon, and the chauffeurs, Dr. Miller and Homer Shipp.

Surprise Dinner.

A surprise and reunion was held at the home of Mr. and Mrs. Sam Ingels near Pickering on Sunday, May 25, in honor of their forty-third wedding anniversary. A picnic dinner was served in the yard on the lawn. There were forty-two present and seven grandchildren were unable to come. Those present were: Mr. and Mrs. Tom McClurg and family, Mr. and Mrs. Edwin Laughlin and family, Mr. and Mrs. Alva Ingels, Mr. and Mrs. Ira Neal and family, Mr. and Mrs. Ernest Ingels and family, Mr. and Mrs. O. A. Lincoln, Mr. and Mrs. Ben Ingles and daughter, Mr. and Mrs. Ed Schools and son, Misses Mamie and Gladys McClurg, Annice and Sadie Neal, Jessie Saxton, Myrtle Ingles, Messrs. Elmer and Lewis Laughlin, Billie Ingles. The children presented their father and mother with a beautiful set of silverware. When after a day of pleasure and enjoyment all left for their homes wishing Mr. and Mrs. Ingels many more happy years together.

Surprised Their Teacher.

The pupils of the eighth grade in the Washington school, taught by Miss Mary Ford, gathered at the home of Miss Ford's sister, Mrs. Henry Westfall, on East Sixth street, Monday evening and spent the evening with her without having a special invitation from Miss Ford to do so. They were none the less welcome, however, and the evening was delightfully spent playing progressive hearts. The guests brought a pink and white luncheon with them, which was served late in the evening, and they also presented Miss Ford a token of their love and appreciation of her work for them during the school year. All but two of the students, Pauline Wilson and Garland Miller, who were unable to come, were present. They were Misses Lou Mutz, Hazel Garrett, Marcia Roxanne Cutler, Ethel Ray, Bernice Duncan, Mattie Clayton, Ruth Fite, Grace Sheridan, Mary Condon, Marian Walker, Virginia Lawson and Olan Kissinger, Fred Masters, Harvey Roxers, Harold Moon, Clea Trusty, B. E. Condon, Marland Miller, George Lee Flemming, Virgil Borrsch, Lester Masters, Donald Hagins, Arthur Robey.

Farewell Bridge Luncheon.

Mrs. Roy Collins gave an informal bridge luncheon Monday afternoon, complimentary to Mrs. H. H. Smith, who leaves in a few days for Manhattan, Kan., where Doctor Smith has concluded to locate. Miss Lenore Schumacher won the prize, an embroidered handkerchief. The hostess presented Mrs. Smith a pretty remembrance book, each of the guests contributing a sentiment. This is one of several affairs that have been given for Mrs. Smith, attended by the guests at Monday's luncheon. There is a strong suspicion that they comprise the members of the Black Cat club that have been holding night revels for some time, but this is the first time they have been bold enough to indulge in a daytime frolic. It is thought that the going of Mrs. Smith will about break up the meetings of the club, as she was the originator of it and the principal element that kept up the interest and planned the unique good times they have had together. Mrs. Collins' guests Monday were Mrs. Smith, Miss Lenore Schumacher, Miss Rose Schumacher, Mrs. Conrad Yehle, Misses Della and Kittle Grems, Mrs. George Richard Eaton and Mrs. Collins' mother, Mrs. A. T. Clark.

Was Hostess to Class.

Miss Nellie Halasay, daughter of Mr. and Mrs. John Halasay, living northwest of Maryville, entertained the members of the senior class of the high school which will be graduated this week, at the home of her parents last Saturday afternoon from 2 o'clock until 10 at night. The afternoon was spent in pitching horseshoes, playing croquet and other games. At 6 o'clock a magnificent dinner was served, and it was the best dinner the seniors ever sat down to. Assisting Mrs. Halasay were her daughters, Misses Mary and Anna Halasay, Miss Josephine O'Connor of Zurich, Kan., a cousin of the Halasay family who is visiting here, Mrs. H. O. Swinford and daughter, Blanche of Spokane, Wash., and the Misses Elizabeth Cook and Grace Demotte. The guests were under the chaperonage of Miss Alicia Keeler and Miss Laura Hawkins. The members of the class present were Misses Lois Farmer, Edna Moore, Helen Wansley, Neva Sage, Alice Barr, Mabel Noll, Nellie Rigney, Nellie Knappenberger, Laurinda Craig, Bessie Webster, Marie Cain, Gladys Ford, Marie Medsker and

How Any Woman Can Cure Indigestion.

Most stomach remedies are make-shifts—they give relief but afterward the stomach is just as weak, just as unable to digest the food as it was before.

Women especially should not depend on relievers only. MI-O-NA Stomach Tablets not only give prompt relief but they put strength and elasticity into the stomach walls and cause the digestive juices to act naturally.

They do more; they force the digestive organs to supply the blood with pure nourishment which is carried to the muscles, nerves, brain and skin. Result: healthy muscles, strong nerves, clear head, and clean skin. Orear-Henry Drug Co. guarantees MI-O-NA Stomach Tablet—50 cents.—Advertisement.

As soon as the jury had been sworn Judge Richard Flannigan ordered the jurors locked up and kept in confinement until a verdict is rendered. Two bailiffs were then sworn by the clerk to keep careful watch and ward over the jurors and not to allow them to communicate with anyone, including the bailiffs, except by permission of the court.

T. R. Causes No Demonstration. The arrival of Colonel Roosevelt for the afternoon session caused scarcely a ripple on the placid surface of this little city. The distinguished plaintiff entered the court room swiftly and there was a craning of necks for a moment to see him, but there was no demonstration.

The former president was one of a number occupying seats within the railing and by his side during most of the afternoon sat James R. Garfield.

The spectators only comfortably filled the room as entrance was barred after all seats had been taken.

Judge Richard C. Flannigan, who presided, received a telegram from Minneapolis as follows: "Don't let this sensational trial continue until I have arrived." It was signed "Jacob Miles."

Judge Flannigan turned the message over to Frank Treen, who was one of Colonel Roosevelt's guards while president and who is here as a witness. Treen notified the chief of police of Minneapolis, who wired back that Miles was insane and had been arrested.

James H. Pound, of Detroit questioned the veniremen for the plaintiff. His associates are William H. Van Benschoten of New York and W. S. Hill of Marquette.

NEW POINT IN LIBEL CASE

District Court Objects to Reduction of Gompers' Sentence. Washington, May 27.—The District supreme court here, which originally sentenced Samuel Gompers, John Mitchell and Frank Morrison, the labor leaders, to jail for contempt of court, filed a petition with the supreme court of the United States, asking the highest tribunal to review the decision of the District court of appeals, which affirmed the conviction of the three men, but reduced their sentences, on the ground that the court of appeals had no authority to reduce the sentences after affirming the convictions. At the same time the high court has under consideration a writ of error presented by attorneys for the convicted men.

TEN KILLED BY TRAIN

Laborers Running From Blast Run Down by Passenger. Martinsburg, W. Va., May 27.—Laborers employed by contractors on the Magnolia improvement work of the Baltimore and Ohio railroad were struck by an eastbound passenger train at Doe Gully, W. Va. Ten of the workmen were killed and four others badly injured.

The laborers, all said to be Italians, were running from a blast and at the same time dodging a westbound freight when the passenger train dashed around a curve upon them.

Porter Charlton Case Goes Over.

Washington, May 27.—Though fifty cases were disposed of by the supreme court, there remain some 115 more. Among these are the state rate, the intermountain rate, the "turpentine trust," the Nashville grain, the newspaper publicity law and the Porter Charlton cases. The court will hold its next session June 9.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health. It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time-tested woman's remedy, soon show themselves in many different ways. Try it.

CHICAGO PACKERS PUT ON THE GRILL

Quizzed About Wages They Pay to Women Employees.

Chicago, May 27.—Moral conditions in the stock yards quarter of Chicago were considered at a session of the vice commission here. Louis L. Swift, president of Swift & Co., and representatives of Armour & Co. and Morris & Co. testified concerning the wages and surroundings of the thousands of girls and women in the district "back of the yards," said to be the largest foreign settlement on the continent.

Mr. Swift testified that the wages paid the women employees of the packing houses were fair, only fourteen receiving the minimum of \$6. Other witnesses said that the foreign women in the "yards" were temperamentally different from American girls and that the question of morality or immorality was a thing they settled for themselves, regardless of the welfare work of the employers.

The average wage of the 700 women employees of the Swift company is \$10.05 a week, according to Mr. Swift. The 399 girls in the packing plant averaged \$7.59.

M. D. Harding, superintendent of the Chicago plant of Armour & Co., said that the foreign girls preferred factory work to domestic service because of the greater independence.

C. L. Charles, assistant superintendent for Morris & Co., said that girls' wages in the yards were low because the girls were unskilled foreigners. All the big companies spent much money on welfare work, he said, but it was hard to reach the foreign girls.

Woman Kills Man and Self.

Sioux Falls, S. D., May 27.—Dr. E. L. Moore, aged thirty-five, state veterinarian and instructor in the veterinary department of the state agricultural college at Brookings, was shot and instantly killed by Mrs. Mae Allen, aged twenty-two, of Aberdeen, in a boarding house here. The woman then fired two shots into her own body and lies dying in a hospital. A quarrel between the two, which had been overheard by a number of people on the streets a half hour before the tragedy, led up to the shooting.

A Motorcycle Accident.

While trying out his new motorcycle, which he purchased a few days ago, Henry Upschulte narrowly escaped injury when he turned a corner of the street near the Wabash depot this morning about 9 o'clock. In trying to turn the corner, he did not turn short enough and crashed into the buggy of Don Davis who was just starting out on his mail route. The motorcycle tore all the spokes loose on the rear wheel of the buggy and during the mix-up, Mr. Upschulte received a gash above the eye as well as a few bruises. Mr. Davis was not injured.
